

Memorandum to accompany
folio on Mrs property in the W. Indies.

The first part St Kitts may be altogether omitted*
The only observation I want to make to shew what the dep
reciation of W. India property is, that these 200 Acres
have belonged to my family from 1742. that up to about
1820 it produced a rent of 90 Sterling a year clear
- & that not a Shilling has been received since.

* for the purpose of deducing argument pro or con on the
Subject of Negroes there being no slaves uprit.
